The Democrats claim that their procession this evening will surpass the recent parade of the Republicans.

Owing to the superior finish and excellence of work, A. Bell stands preeminent as a photographer. Give him a call.

To-morrow (Friday) morning, Mrs. A. S. Dunaway will start for Eastern Oregon, and will make a tour of that part of the State.

Mr. Edward Espey, the young artist, has gone up the Columbia to make some sketches, which will be transferred to canvass at his leisure.

Wm. E., son of Rev. T. F. Royal, a young man well known in this city, died a short time since at Delaware, Ohio, where he was attending the Wesleyan University.

If feelings are more numerous produced by chronic constipation than any other bodily illness. Remove the cause with Pfunder's Oregon Blood Purifier, and cease feeling ill.

A full stock of Butterick's celebrated patterns has just been received at No. 64 Morrison street. Any one sending a stamp will receive a catalogue. Particular attention given to stamping.

The Council will extend Columbia and Clay streets from their termini to the river. This will cut up the public levee and spoil it for a depot ground for the Scotch railroad company.

The Chinese have been celebrating some sort of anniversary or festival, and have burned considerable sandal wood and other valuable species of fuel in their efforts of incense to the Joss.

On Tuesday morning, about 7:30 o'clock, while a man named Frank Tyrrell was engaged in grading at the corner of Fourteenth and C streets, the embankment caved on him and caused instant death.

Messrs. Olds & King, the Third-street merchants, have received and opened their Fall and Winter stock of dry and furnishing goods. Their display is large and varied, and their prices are well known to be reasonable.

The strictest attention is given to country orders at the Post Office Candy Store, in the new building, corner Fifth and Morrison streets, where there is the largest and finest variety of candies in Portland. The proprietor asks a trial.

Plot Dolg, who caused the wreck of the Great Republic, has been discharged in San Francisco by Judge Hoffman, because the indictment did not charge that an offense had been committed within the jurisdiction of a U. S. District Court.

Persons who desire first-class staple or fancy groceries at low prices can be accommodated by J. W. Bailey, No. 47 Yamhill street, whose stock is large and fresh. He gives prompt attention to orders from the country, and does a commission business in groceries and all products of the farm. Goods are delivered to city patrons promptly.

A young lady named Miss Sarah F. Farlow, who was suffering from consumption, boarded the Albany express at Aurora on Monday, bound for her home, near Oregon City, but died before she reached her destination. It was a sad sight to see the bereaved parent remove the remains from the cars when the Falls City was reached.

In addition to the largest and best assortment of hats ever brought to Portland, Mr. J. A. Wood, at No. 143 First street, in the Odd Fellows' Temple, displays the finest stock of umbrellas ever seen in Portland, and asks no fancy prices. Umbrellas that would be sold for \$5 at any other store, can be obtained of him for \$3.50. He asks the general public to examine his goods and prices.

The last campaign meeting of the Garfield and Arthur Club No. 1 was held on Tuesday evening at Y. M. C. A. Hall. The attendance of both ladies and gentlemen was large, and the Boys in Blue and the Garfield Cadets attended in uniform. Short speeches were made by Governor Newell of Washington Territory, Hon. J. F. Caples, Colonel Hawkins and Hon. J. N. Dolph. It is evident that the Republicans are thoroughly organized and will cast a large vote on next Tuesday.

GENERAL NEWS.

A second census of St. Louis is being taken. Snow fell in Albany, N. Y., on the 24th inst. In New York City there are 216,929 registered voters.

The registration of voters throughout the country is very large.

During September, 54,875 immigrants reached the United States.

In Chicago there are but 174 Chinese, and not a woman among them.

The Republicans claim to be able to carry New York by about 25,000.

The general Episcopal Convention will be held in Philadelphia in 1883.

Mrs. Lucy H. Ryan has been appointed postmaster at Sumner, Pierce county, W. T.

During last week, \$18,900 standard silver dollars were circulated from the Treasury Department.

Sarah Bernhardt, the French actress, arrived in New York on the 26th, bringing her own company.

The big railroads that have been "cutting" passenger rates in the South and West have compromised.

In Denver, the registration books show 17,035 voters, which is double the number entitled to vote. Each party accuses the other of fraud.

The Clearing House exchanges of the country during last week aggregated \$1,355,000,000, or \$131,000,000 more than during the same time last year.

Since January 16th, the Treasury Department has transferred \$80,000,000 to the New York assay office with which to pay for foreign gold bullion and coin.

The Ansonia Watch and Clock Works, Brooklyn, are burned, throwing 1200 operatives, half of whom are women, out of employment. Loss, \$1,000,000; insurance, \$395,000.

Michael Conner is the name of a Philadelphian who has just buried his seventh wife after making her will her property to him. They had been married but a short time, and her body showed frightful evidences of brutality.

Rev. Dr. H. W. Thomas, of Chicago, whose views are hardly orthodox enough to meet the approval of Methodists generally, will hereafter preach to the Metropolitan Church, a society which has just been organized for him.

Mr. S. B. Cliftenden, of Brooklyn, has offered \$5,000 for the arrest of the man who forged the Garfield-Morey letter. A detective has traced the matter to Kennard Philp, editor of the *Truth*, and he is being prosecuted for the forgery.

The Apaches under Victorio have been routed by the Mexicans, and the chief was among the slain. There were 60 warriors and 18 women and children killed, and 68 women and children were captured. Thirty Indians escaped, but a force of U. S. troops is in pursuit.

Because the *Herald* opposes Grace, the Democratic nominee for Mayor of New York City, the *Evening Express* announces that it will publish the "life and escapades of James Gordon Bennett." The *Herald* replies, "Go ahead." Some sensational and disgusting articles will probably result, and trouble may ensue.

The letter committing Garfield to the advocacy of the immigration of Chinese is the most stupid forgery of the campaign. It is said no Employers' Union ever existed at Lynn, and no such person as H. L. Morey was ever known there. The postmaster at Washington testifies that the stamp with which the envelope is marked was not brought into use until three months after the mis- sive is claimed to have been written.

The Episcopal "Committee on the State of the Church" has reported to the Convention condemning the policy of giving the Indians all the church benefactions, to the exclusion of the negroes of the South. It censures the "interest, sympathy and charity of the church" in practically ignoring "four million colored men, now clothed with the elective franchise, eligible to all places of trust, to legislatures, to seats in Congress, or acting in many instances as teachers of the young."

THE BONANZA MINES.

It is an open secret that unless new discoveries of ore are made in these mines that their working will have to be abandoned; and then the question arises whether more money has been taken from them than has been put in. But no such question of comparative benefits can arise in connection with the Oregon Kidney Tea, for every dollar put into that has produced a thousand dollars worth of good to the victims of backache and kidney troubles, as their unanimous testimony will show. Sold in all stores.

Wm. H. Wheeler, editor of the *Watsonville Transcript*, has accepted the Prohibition nomination for Congressman from the Fourth District of California. He does not expect to receive a large vote, but will run to represent a principle.
